Aim

To create and implement a schedule in Zoho Creator to automatically send follow-up appointment reminders in the Patient Appointment Management System.

Procedure

1 Open the Patient Appointment Management System application in Zoho Creator.

2 Navigate to Workflow → Schedules.

3 Click New Workflow and select the **Visit Record** form for the schedule.

4 Set the schedule to run Based on Next Visit Date and name it Send Follow-Up `Reminder.`

5 Add a Deluge script action that checks whether follow_up_required is true. Fetch

6 the patient record from the Patient Profile form and read the patient email and the next visit date.

7 Use the sendmail task to send the email with the subject "Reminder: Your Next Appointment" to the patient.

8 Save the schedule, enable it and test it to confirm the reminder email is received.

Output

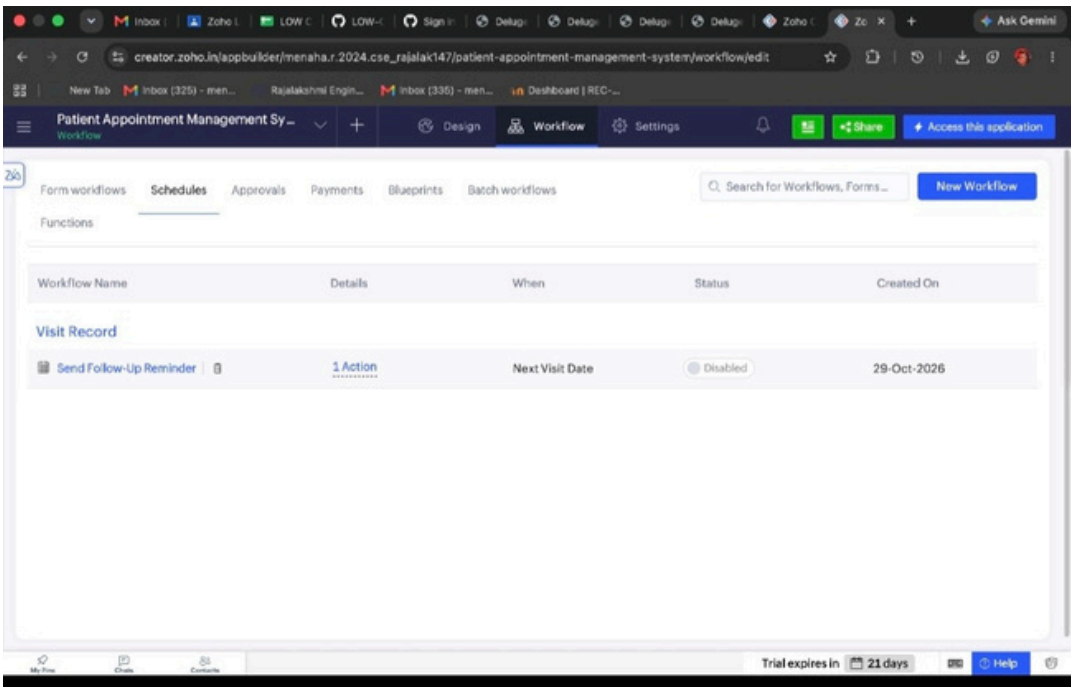

Fig 1: Schedules list – Visit Record (Send Follow-Up Reminder)

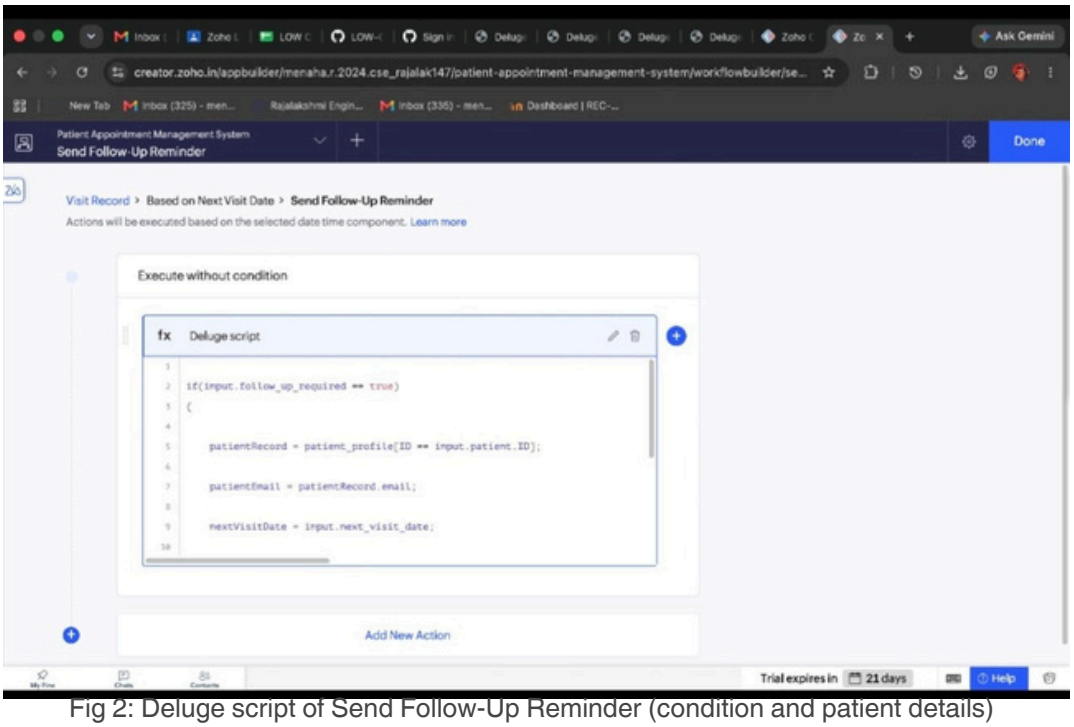

Fig 2: Deluge script of Send Follow-Up Reminder (condition and patient details)

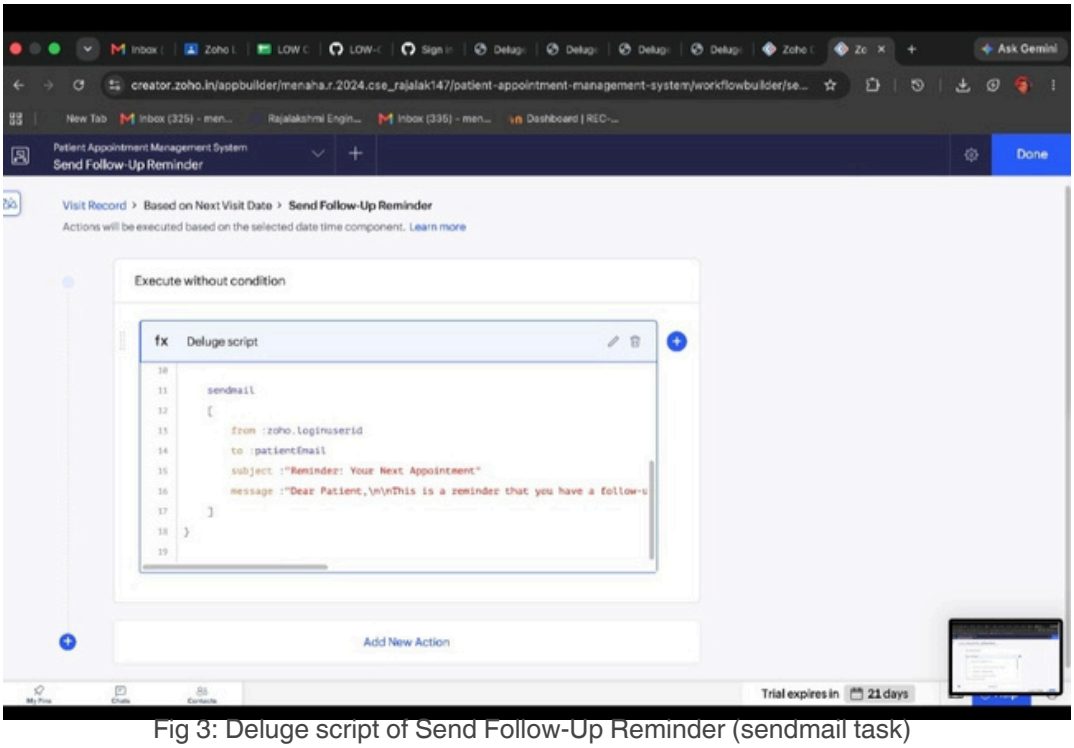

Fig 3: Deluge script of Send Follow-Up Reminder (sendmail task)

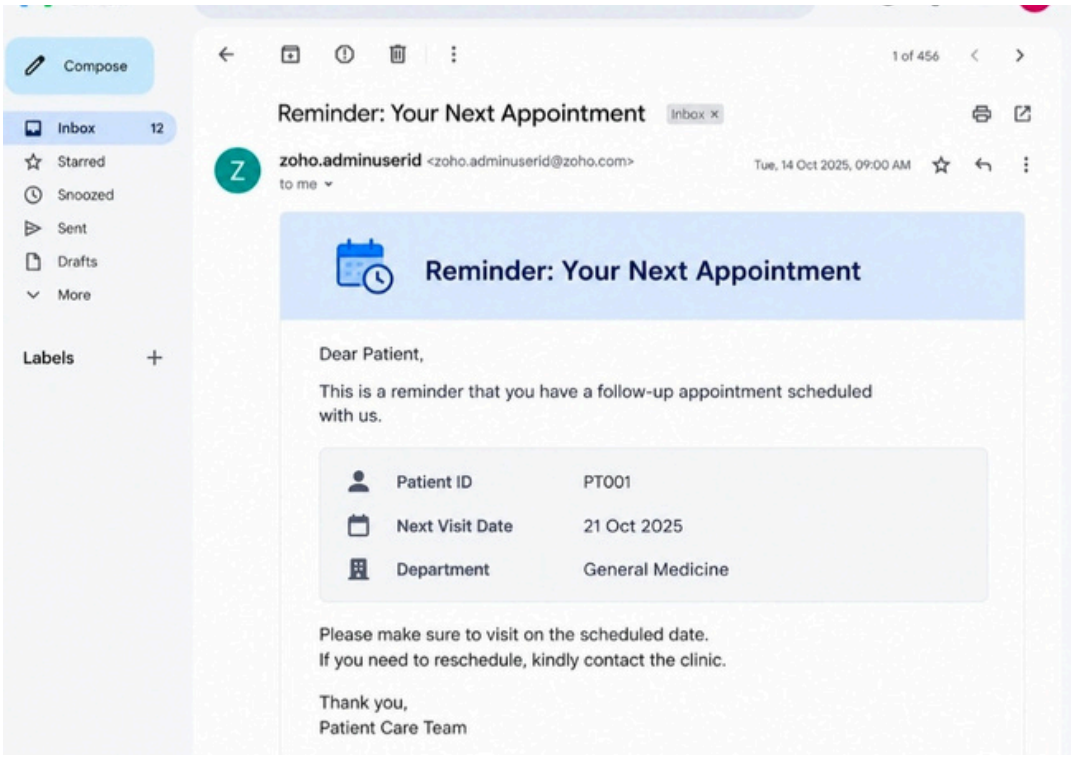

Fig 4: Follow-up reminder email received by the patient

Result

A schedule was configured in Zoho Creator to automatically send follow-up appointment reminder emails to patients in the Patient Appointment Management System.
